Host HER 1131

HER
1131

Identification

Genre	*Espèce*	*Sous-espèce*	*Biovar*	*Sérovar*
Brucella	*abortus*	*biotype1*	3	

Souche	*Autres désignations*
19	

Conditions de croissance

Temp.	*Milieu*	*Aérobie/Anaérobie*	*Agitation*	*Autres*
37	BHI Albimi broth			Serum dextrose agar, TSA

Lysogénie

Sensibilité phagique

HER 131 (Tb)	HER 132 (S708)	HER 171 (Fz)

Référence
Corbel, M. J. and E. L. Thomas. 1980. The brucella-phages: their properties, characterisation and application. Booklet 2266, Ministry of agriculture, Fisheries and Food, Pinner, Middlesex, HA5 2DT, England.

Remarque
